

Corporate Travel Accident and War Risk Insurance Long Term Plan

OVERVIEW

The **Long Term Plan** is designed for clients who want high-dollar Medical Expense coverage for Accident and Sickness, but do not need Permanent Total Disability/Weekly Accident Indemnity coverage. Benefits also include War Risk Coverage, Accidental Death & Dismemberment, Emergency Evacuation, Repatriation, and 24/7 Worldwide Assistance. Coverage under the **Long Term Plan** is available 24 hours a day when you travel outside your country of residence or permanent assignment. Host country nationals are not eligible for coverage.

Because we believe that War Risk Coverage, Accidental Death & Dismemberment, Emergency Evacuation, Repatriation, and 24/7 Worldwide Assistance are minimum coverages that everyone should have, such coverages are included in all our Corporate Travel Accident & War Risk Insurance plans.
