

Corporate Travel Accident and War Risk Insurance Standard Plan

OVERVIEW

We created the **Standard Plan** as an affordable solution for clients who do not require Medical Expense coverage for Accident or Sickness. Benefits under the **Standard Plan** consist of **War Risk Coverage, Accidental Death & Dismemberment, Emergency Evacuation, Repatriation, and 24/7 Worldwide Assistance**. Coverage under the **Standard Plan** is available 24 hours a day when you travel outside your country of residence or permanent assignment. Host country nationals are not eligible for coverage.

Because we believe that War Risk Coverage, Accidental Death & Dismemberment, Emergency Evacuation, Repatriation, and 24/7 Worldwide Assistance are minimum coverages that everyone should have, such coverages are included in all our Corporate Travel Accident & War Risk Insurance plans.
